

Kai Kals. It's Chika here!

I am trusted with the Right to Share. I love what you are wearing – so original. It great to meet you. My favourite thing to do is to make new friends. I also love fashion. I hope you can help me today! We are going to get zuper stylish and create our very own clothes!

Have you run out of kool clothes to wear? Or perhaps you just want to change up your fashion! Why not become part of the team that runs KidZania's Fashion Recycling Factory? If we can't go out and buy new clothes, let's just make our own

You will need:

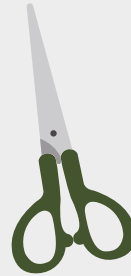

Old Clothes

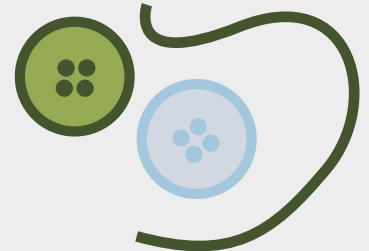

(make sure to ask your parent or guardian first!)

Glue or sewing kit

Scissors

Decorating items

(e.g. ribbon, beads, glitter)

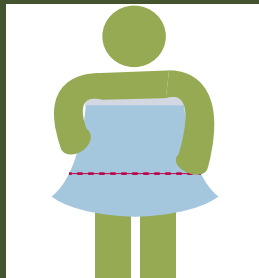

Turn a boring skirt into a kool new top!

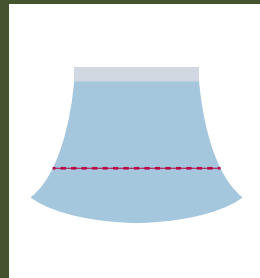

1 Pull the skirt over your head so that the waistband sits under your armpits.

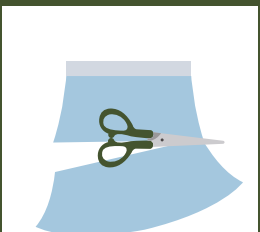

2 Mark out where the skirt hits your waistline using fabric chalk or a felt-tip pen.

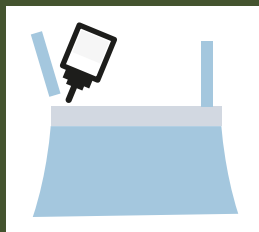

3 Take the skirt off and lay it on a flat surface.

4 Using scissors (carefully!) cut a straight line horizontally across the marking to chop off the bottom of the skirt.

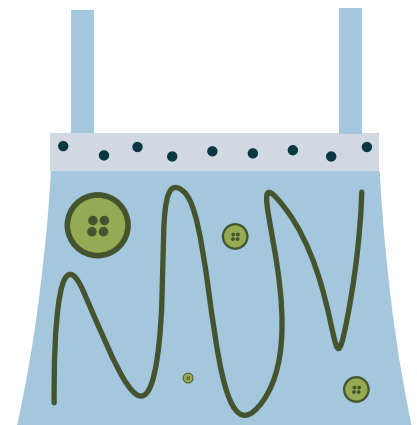

5 Attach long ribbons to either side of the original waistline (these will be the straps to put your arms through).

6 Try the new top on for size. Make sure the straps are long enough and comfortable over your shoulders.

7 Now it's time to decorate! Use your imagination! Use buttons, beads, ribbon, glitter; anything that turns your old skirt into a fabulous new top!

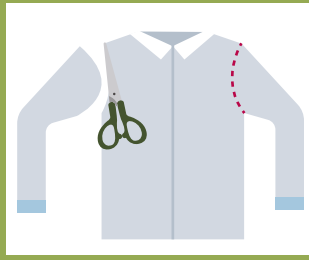

Turn a scruffy shirt into a kool new waistcoat!

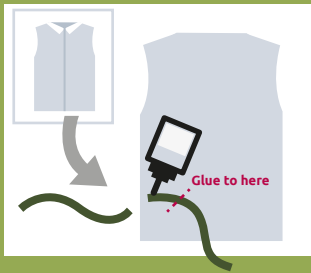

1 Lay the shirt on a flat surface.

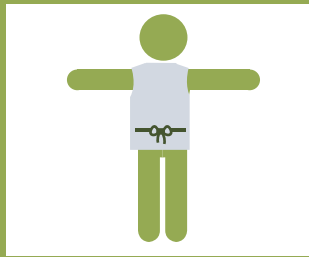

2 Using scissors (carefully!) cut off the sleeves at the shoulder seam of the shirt.

3 Flip the shirt to the back and attach one piece of ribbon on the left hand side of the lower back and another on the right hand side.

4 Try it on for size. Get an adult to help tie the two ribbons together to tighten and make sure it fits comfortably.

5 Now it's time to decorate! Use your imagination! Use buttons, beads, ribbon, glitter; anything that turns your old shirt into a jazzy new waistcoat!

Why not:

- Turn a pair of old jeans into some funky new shorts?
- Turn an out of date scarf into a new silk skirt?
- Turn a long-sleeved top into a kool new jacket?
- Turn some plain socks into a pair of cosy woollen mittens?

The possibilities are endless!

Make your own face covering

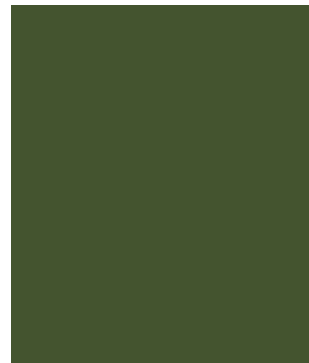

It's time to get creative! Find some material that expresses your personality. Think of ways how you can make this stand out.

Materials:

Bandana or handkerchief

Elastic bands (or hair ties)

Lay the cloth out flat

Fold in half

Fold top third down, fold bottom up to meet it

Thread through two elastic bands 12 cm apart

Fold each side to the middle and tuck in the folds

Useful tips:

- Make sure the mask covers your nose and mouth
- Avoid touching the mask, your eyes, nose, or mouth at all times
- Try not to keep taking it off and putting it back on again, eg when going in and out of shops
- Store used face coverings in a plastic bag until you have an opportunity to wash them
- Wash a face covering regularly - it can go in with other laundry, using your normal detergent

Remember!

To regularly wash your hands and keep socially distanced from others

Why not make your designs global? Tag us at @KidZaniaLondon

Whatever you make remember to do it safely, ask for permission first, and most importantly have fun!
