KidZania SCHOOLS

Health and Safety Guidance for Schools

Since we first began responding and adapting to COVID-19, the health and safety of our visitors, staff and KidZania community has been our first priority. We continue to take our duty of care extremely seriously and are committed to ensuring we meet all public health requirements. We continue to monitor the government roadmap, alongside our own policies, and currently our key health and safety guidelines are as below:

Mandatory use of face masks for all visitors aged 11+, unless medically exempt

Contactless temperature check on arrival for all guests, and a few simple questions to establish whether you've been in contact with COVID-19 in the last 14 days

We have signage and capacity restrictions to allow for social distancing in the city, including inside each activity.

- We are happy to welcome schools to KidZania London and will assist as much as possible with the organisation of 'bubbles' whilst visiting the attraction during the check in process, with a dedicated lunch time and area, as well as time slots for departure. (Lunch times and exit slots are allocated on arrival)
- We are accepting more than one school visit in a day, which will be in line with our reduced capacity numbers. We encourage chaperones on the visit to assist children to circulate around activities and to follow signage on the floor to assist with social distancing.
- All adult visitors to the site must scan the NHS Test and Trace QR code on arrival to KidZania London.
- All school bookings are covered by our COVID Terms and Conditions which can be found here
- Full Health and Safety Measures for KidZania London can be found here , you can also download a full version of our risk assessment here
- Guidance is subject to change as we continue to monitor the government roadmap, we will keep you up to date on any changes.

If you have any further questions please don't hesitate to contact us by emailing schools@kidzania.co.uk
